### Interview with Engr. Adeolu Ogundare

*Engr. Adeolu Ogundare, is the Chairman of the Nigerian Society of Engineers Ikeja Branch.*

**E-Newsletter:** *Sir, what can you tell us about the membership drive at your Branch?*

**Engr. Adeolu:** Concerning our membership drive, we have a robust arrangement where we have a Membership Secretary who is in charge of the membership drive. We do this drive at various levels; student, graduate and corporate membership levels. To source for members we go to higher institutions and have arrangement with them where we induct students and enlist them. We also go to these institutions in our locality to make presentations and have career talks with them from time to time. For corporate members, we visit industries and firms and

Engr. Adeolu Ogundare

encourage their engineering staff to register with the Nigerian Society of Engineers. We organize seminar twice in a year where we encourage prospective members to join the society.

**E-Newsletter:** *What is your major challenge in this membership drive?*

**Engr. Adeolu:** The major challenge is in trying to convince people to join the society and they ask what is in the society for us. In our environment due recognition is not given to the profession which will enable engineers rise in their profession. We convince them of the professional knowledge and professional satisfaction they will get when they interact with fellow engineers and the networking opportunities that are abound.

**E-Newsletter:** *Thank you sir.*

The Nigerian Institution of Electrical Electronic Engineers (NIEEE) Port Harcourt Chapter general meeting was held on Wednesday 6th May 2015 at the Engr. Ishmael A. Banigo secretariat (Nigerian Society of Engineers Port Harcourt Branch secretariat). The Chapter Chairman Engr. B. T. D. George, FNSE, presided over the meeting.
