International Association of Engineers

World Congress on Engineering 2016

29th June – 1st July 2016 | London, U.K.

non-profit international association for the engineers and the computer scientists. The conference has the focus on the frontier topics in the theoretical and applied engineering and computer science subjects. The WCE conferences serve as good platforms for our members and the entire engineering community to meet with each other and to exchange ideas.

The last IAENG conference has attracted more than seven hundred participants from many countries across the world. The congress committees has been formed with over three hundred committees members who are mainly research center heads, faculty deans, department heads, professors, and research scientists from over 30 countries.
